H. T. Logan.

County court Monday.

The date for M J Fanning, the Irish lecturer, has been changed to Nov 27th.

It only costs you twenty five cents to have your name added to our posted list, which will run through the entire season.

Turkeys are not as high as most people expected them to go, and the price is very reasonable, considering the short crop.

At Paint Lick.

M J Fanning, the great Irish temperance lecturer will speak at Fish's Hall in Paint Lick Wednesday night, Nov 28. Everybody invited to hear him.

The Brown Bros Dry Goods Co. have tendered the use of their show windows for Doll-Sales, to be given for the benefit of the adopted orphans, by the C W B M Aux. Dec 1st is the date. Don't forget it, please.

Thanksgiving Services.

The usual Thanksgiving services will be held in the Baptist church this year. Bro Tindler will preach the sermon, and special program of music will be arranged. The services will begin promptly at 10:45, a m.

The Bible Society.

The Garrard County Bible Society will meet in the Methodist church next Sunday night, all the churches dispensing with their usual services of the people can attend this very important meeting. Every church member is urged to be present.

Jim Wiggle, a well known colored boy, who has been in Covington for some time, came home last week, got loaded, "cussed" the hands now in the work house, and was soon sent to join the chain gang. There's no use talking—people must behave when come to Lancaster.

Kicked by Mule.

Mr Wm Lear, one of Garrard's most prominent and popular citizens, was painfully injured by being kicked by a mule, at his home on Lexington pike Monday morning. Both heels of the mule struck Mr Lear in his back, making very painful bruises.

Fanning's Date Changed.

On account of other appointments, M J Fanning, the great Irish temperance lecturer, will not appear in Lancaster on date given in last issue, but will lecture at the Presbyterian church on the night of Nov 27th, Tuesday. A large crowd will hear Mr Fanning, as he was here some time ago and delighted a great many of our people.

Kennedy Case On Trial.

Stanford Journal:—The case of James H Kennedy for killing T Milt Estes at Crab Orchard on election day now has the attention of the court. The jury has been secured and the taking of evidence is in progress. Judge M C Saulley and Messrs Geo B Saulley and C C Williams, the latter of Mt Vernon, represent Mr Kennedy. Hons Harvey Helm and R H Tomlinson, of Lancaster, are assisting Commonwealth's Attorney C A Hardin.

Rue and Currey Make Good Sales.

Rue & Currey, the Harrodsburg real estate men, made the following sales last week: For J C Kelly, 104 acres on Salt river to W C Rousau, of Pulaski, for \$3,200; for Mrs H J McRoberts, of Stanford, house and lot in Harrodsburg to Mrs Boulton for \$900 cash; for Frank Martin, of Perryville, 95 acres on Mitchellsburg pike to Geo W Breedling for \$74 25 per acre; for Mrs Thos Bowman her farm of 97 acres on the Geo Handy pike near Harrodsburg for \$11,000.

Saloons Lose at Stanford.

Interior Journal:—Judge B F Roach in a lengthy opinion, decided Saturday morning that the city council of Stanford did right in not granting saloon license after the county had gone dry under the Unit law and of course refused to grant the mandamus asked by Attorney George B Saulley, who represents the "wet" side. Hon P M McRoberts is the attorney for the "dry." Both made able arguments before Judge Roach. The decision upholds the constitutionality of the Unit law. The case will be appealed.

Warning to Hunters.

The attention of hunters is called to the posted list, in this issue of The Record. After this is done, the hunter is subject to heavy fine for going upon the lands of anyone. We do not believe there is a farmer in Garrard county who objects to parties going upon his land provided the hunter is careful and injures no stock or leaves bars down or gates open, but some hunters are very careless in these respects. If you want to keep out of trouble, keep off posted land.

To Advertisers and Correspondents.

In order that all hands may enjoy Thanksgiving day, The Record will be printed next Wednesday afternoon and mailed that night, so we will be obliged if you will send in copy just a little earlier. The office will be closed all day Thanksgiving. Heretofore, we have worked all day doing jobs for people who could have brought them in just as well at other times, and we positively will not do unnecessary work or ask our help to remain at their post of duty when everyone else is enjoying the holiday.

Communion services will be held at the Presbyterian church Sunday morning.

Eid, F M Tindler's subject for next Sunday morning will be "The Gambling mania."

Thanksgiving Exchange.

The ladies of the Baptist church will have an exchange over the Joseph Mercantile Co's store on the day before Thanksgiving. Everything good to eat will be for sale at the very lowest prices. The ladies will appreciate your patronage and give you the very best of everything in the eating line. Patronize them and get a bargain and at the same time help a worthy cause.

Elect New Officers.

The Woman's Home Missionary Society, of the Methodist church, elected the following officers: Mrs Williams, president; Mrs Jennie Goodloe, 1st vice president; Mrs Dr Evans, 2nd vice president; Mrs Sarah Hamilton, treasurer; Mrs Stella Ford, corresponding secretary; Mrs Walton Moss, recording secretary; Miss Virgie Conn, agent for Our Home.

Judge Bell Ill.

His legion of friends regret to learn that Circuit Judge W C Bell has been advised by his physician to lay aside his labors for several months and go to New Mexico for a rest. Judge Bell is annoyed by indigestion, the trouble having grown to such an extent that he suffers greatly. The Record joins his countless admirers and friends in wishing for a speedy and permanent restoration to health. Gov Beckham has appointed Judge B F Roach, of Harrodsburg, to preside over the courts in this district during Judge Bell's absence.

Marriage of Garrard County Boy.

Mr James Alfred Boner, formerly of this county, but now of Somerset, will be married in Danville today (Thursday) to Miss Helen Slessinger, daughter of Mr and Mrs John Slessinger, of Danville. Mr Boner is a son of the late John Boner, one of Garrard's most popular and best-known citizens. He is a young man of thrift and enterprize, and a model citizen. He has a legion of friends here in his old home who extend best wishes. The Danville papers speak of the bride as one of the handsomest and most popular young ladies in the city, and highly accomplished in music and amiable character.

Interesting Map.

The Kentucky Anti Saloon League has just published a map of Kentucky which will no doubt be a surprise to those outsiders who have always been accustomed to refer to Kentucky as the whisky State. Of the 119 counties 82 are "dry." In a number of others elections have been called for early dates and by January 1, 1907, nearly 100 counties will be in the dry column. The temperance tide is running so strong that it bids fair to sweep every thing before it. If the vote were taken in the entire State no Kentuckian doubts that local option would carry by an overwhelming majority. It is not unlikely that the next legislature will pass such measures as will enable such a vote to be taken, and then every bar room in the State will be closed.

The Beautiful in School Life.

The environments that confront the average pupil in the school life needs rarely make a lasting impression for good or for evil as conditions may exist. It is therefore important that we guard with extreme care all that influences the young mind in its school life and work.

The beautiful should exist in the school life of the child. The school building and grounds should portray the artistic and beautiful. Those things which adorn the tasteful home should embellish the school property—the lawn, terraces, walks, trees and flowers. Within should be neatness and refinement. A neglected school house is a terrible demoralizer. Place a child at a mutilated desk, put in his hands torn and soiled books and we find an almost irresistible temptation to continue the destruction with knife and pencil. Place the same child in a neat, clean room with suitable and beautiful furniture and we immediately remove the temptation for destruction.

Good Advice.

Keep good company or none. Never be idle. If your hands cannot be usefully employed, attend to the cultivation of your mind. Always speak the truth. Make few promises. Live up to your engagements. Keep your own secrets if you have any. When you speak to a person look him in the face. Good company and good conversation are the very sinews of virtue. Good character is above all things else. Your character can not be essentially injured except by your own acts. If any one speaks ill of you, let your life be so that none will believe him. Ever live, misfortune excepted, within your income. When you retire to bed, think over what you have been doing during the day. Make no haste to be rich if you would prosper. Small and steady gains give competency with tranquillity of mind. Avoid temptation through fear that you may not withstand it. Earn money before you spend it. Never run in debt unless you see a way to get out again. Never borrow if you can possibly avoid it. Do not marry until you are able to support a wife. Never speak ill of any one.—Ex.

With one exception, Tuesday was the hottest November day since the Louisville weather bureau was established thirty-three years ago.

District Mission Work.

The Danville District Missionary Institute was in session at the Lancaster church this week, and much business transacted. Many leading and prominent church workers were present, and the meeting was a very profitable one.

Attention Teachers.

Under a recent act of the Kentucky Legislature, a State Normal School is established at Richmond in the Eastern District. Garrard county is entitled to ten appointees to this said Normal School, tuition free.

All persons who desire to secure free tuition in this Normal School should present their names for registration as applicants before or on Saturday, December 8th, 1906. The competitive examination for same will be held at my office on Saturday, December 15th, 1906. Mittie A Dunn, Sup't.

Death of B F Slavin.

The remains of B F Slavin, who died in Boyle county, near Danville, the latter part of last week, were interred in the Lancaster Cemetery Friday afternoon. Mr Slavin resided in Garrard county for many years, removing to Boyle county several years ago. He was a good, substantial citizen, who enjoyed the respect of all who knew him. He was a member of the Paint Lick Presbyterian church since boyhood, and one of its most enthusiastic supporters. He is survived by wife and five children, Mrs N B Jones, Mr E K Slavin and Dr F L Slavin, of Boyle county, and Messrs T R and J W Slavin, of Texas. Many Garrard county friends extend deep sympathy to the family. The active pall bearers were Messrs A D Leavel, J A Doty, W S Walker and Isaac Arnold, of Lancaster; G T Higginbotham, of Macclesfield, and G P Pope, of Boyle county, and the honorary pall bearers were Messrs, James Denny, D G Fox, J T Sandidge and John Conn.

Morbus Sabbaticus.

Morbus Sabbaticus, or Sunday sickness, a disease peculiar to church members. The symptoms vary, but the disease never interferes with the appetite. It never lasts more than twenty-four hours. No physician is ever called. It always proves fatal in the end. It is becoming fearfully prevalent and is destroying thousands every year.

The attack comes on suddenly every Sunday; no symptoms are felt on Saturday night. The patient sleeps well and awakes feeling well and eats a hearty breakfast, but about church time the attack comes on and continues until the services are over for the morning. Then the patient feels easy and eats a hearty dinner. In the afternoon he feels much better and is able to take a walk and read the Sunday papers; he eats a hearty supper, but about church time he has another attack and stays at home. He wakes up Monday morning refreshed and able to go to work and does not have any symptoms of the disease until the following Sunday.

Remedy: "Be not deceived, God is not mocked."—Gal. 6:7.

PLAN TO DRAW TRADE.

Lancaster Merchants Might Use It With Profit.

A plan for drawing trade to a town which has been worked at several points might be adopted at Lancaster. The plan is as follows:—An agreement was reached between all the merchants whereby they offered special sales on certain days, each merchant selecting some special line of goods upon which is made a lower price than usual. Thus one dry goods house would sell gloves at a special price, while another would offer bargains in dress goods. One hardware merchant would reduce the price on stoves. Every line of business was represented and care taken that no conflicts occurred. Prizes were then offered to the farmer bringing in the best load of grain, or the handsomest baby, and the bargain day was extensively advertised in the surrounding country, the names of the merchants and their special sales being in all cases stated. The farmers responded in a most gratifying manner and the merchants were well pleased with the plan. The idea has been carried out in several cities.

The World's Fifth Sunday School Convention.

The World's Fifth Sunday School Convention meets in Rome, Italy, May 20-23, 1907. A variety of side trips to all who can possibly arrange to go. Kentuckians will like to go in a party together. Arrangements are being made by which this can be done. If you are thinking of making this trip, it is time you were making arrangements for it. For full particulars of the trip, and any and all side trips connected with it address E A Fox, Louisville Trust Building, Louisville, Ky.

Do not forget the C W B M Auxiliary will hold the annual doll sale, December 1st. They propose to make it unusually attractive this year. Give them your patronage. ut

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky., November 23, 1906

The better-balanced and conservative newspapers in Kentucky are clamoring for a "party without politics," and that seems to be the only thing to redeem the state from the wire-pulling, rascally politicians who override the will of the people and count the vote any way they choose. Speaking along this line, the Owensboro Inquirer, W. Q. Adams' good paper, says: Whenever we have a political party without politics we are going to have a party which is going to look after the interests of the people, and the grafters and purchasers of legislation will be put wholly out of business."

At the rate the temperance people are gaining ground, Kentucky will soon have prohibition in every county in the state, except several of the large cities. While our state is looked upon by outsiders as the home of drunkards, yet statistics prove there is less drinking here than in any of the central states. However the price and production of whisky is on the increase, and the Kentucky distilleries are preparing for the biggest "crop" this winter that has been produced in recent years.

Ed Shinnick, the clever editor of the Shelbyville Record, says, very truthfully: Sometimes one has more flowers piled on his coffin and grave than he ever had given to him in all his life. We want our flowers while we are living. The dead are past all that. If we would do good let us do it while we are alive to those who are living.

The mid winter meeting of the Kentucky Press Association will be held in Louisville during Christmas week. In addition to many important business matters to be attended to, the question of visiting the Jamestown Exposition, next summer, will be discussed, the secretary having all information in hand by that time.

Many a chap who has already burned up forty dollars' worth of the old man's coal will send the girl a \$2.50 Christmas present, and the trifling devil is already hanging around the stores watching for the cheapest "token of highest esteem and friendship" he can find.

The man who invented the barbed wire fence died in Illinois the other day. If the devil gives him a punch or all the suffering he caused to stock by his inhuman implement of destruction, he is surely kicking chunks in all directions.

As the holidays draw nigh, the smile of the girls becomes sweeter, and the poor chappies are beginning to figure on ways and means by which they can get "the old man" to dig up enough cash to pay for the Christmas present.

You have less than one week to do something to be thankful for, so get busy, make a hard fight, and you may do something which will warrant a few extra strings to your harp in the great hereafter.

The Louisville Herald truthfully remarks, "Greedy, grasping vultures of men never have the cockles of their hearts warmed by anything but evil spirits."

Sweetheart Of My Childhood.

Little sweetheart of my boyhood, I remember you so well: How I helped you climb the barn roof and how heavily you fell. How we leaned above the water in the brook that purled about and you slipped and tumbled into it and I reached and dragged you out. How we joined our hands in skating and I sought the thinnest ice, and we both of us broke through it! Ah, those childhood days were nice when I boasted you for cherries and you slipped and jerked your shin all your mother heard you crying and came out and took you in, with a stern forbidding gesture warning me to go away, as a rough and careless youngster who would be in jail some day.

Little sweetheart of my boyhood, I remember how we went up the walk to school together and my eyes on you were bent with a wealth of pure affection that found voice in apples red stolen from some neighbor's orchard and in flowers for your head, gathered from the daisies and hollows, that were shyly given you with their spirit of rare fragrance and their jewels of dew. How you looked them with blushing dyeing red your pretty cheek; and the eyes your lashes sheltered, with what eloquence they speak even now as I remember how the fragrance and the dew seemed the spirit and the jewel of the sweetness hidden in you.

Little sweetheart of my boyhood, I remember when you stood with your bonnet idly flying as we searched the field and wood for some flowers closely hidden, as I might go search to-day for the flower of those moments that is withered quite away. I remember how we reared of the future, and the flame of a boy's desire for conquest led me hope some day my name would go ringing down the ages and the laurels that I won might be brought and laid before you just to hear you say, "Well done." How the world seemed fair before us, and the days and dreams went by till the flowered gate swung open and we passed out—you and I.

Little sweetheart of my boyhood, how I wonder where you are and if chance, the fickle current, may have borne you near or far. How I wonder if you ever sit and dream, when lights are low, of the childish joys that blessed us in the busy long ago. How I wonder if the lover who was bidden come and woo by the voice of cunning Cupid is as tender and true as I sought to be when dreaming that your bonnet and your gown compassed all the sweet news garnered on the path of ages down. And my eyes are wet and gleaming like the flowers wet with dew as I wonder in my dreaming if your childhood dreams came true!—(New York Times)

Seeing the Southwest EXCURSIONS.

Doubtless you have heard of the Bumper Crops which have been raised this year in Arkansas, Louisiana, Oklahoma, Indian Territory, and New Mexico. Have you compared them with results obtained in your section? Is your work where you are, bringing you adequate returns for the capital invested and the labor expended? If not, a change would be beneficial perhaps. A visit to the Southwest will open your eyes. Out in Oklahoma the last big land opening is soon to take place; farms are still very cheap in Western Arkansas, Northern Louisiana and the Gulf Coast or Texas. Let us give you full information about these sections. You will want to see them after you have examined our illustrated literature.

Very low rates, one way and round trip to Southwestern points the First and Third Tuesdays of each month.

Miss Bettie West, whose illness was
mentioned in last issue of The Record,
is very much improved, and it is be-
lieved she will be able to return from
the sanitarium in Louisville, Satur-
day.

Miss Frankie Kaufman, who has
been ill at a Louisville sanitarium for
several weeks, has recovered rapidly
and will return home this week. Her
mother has been with her for some

Frankfort Journal:—James I Ham-
ilton, of Lancaster, who did yeoman
work for Gov. Beckham in Garrard
county before the primary election, was
here on his way to North Dakota
on a business trip.

Harrodsburg Democrat:—Mr and
Mrs A C Miles, of Lancaster, were
guests of Mrs C B Chapline from Sat-
urday to Monday and had with them
their daughter, Miss Agnes, who is a
pupil at Beaumont.

Stanford Journal:—Misses Mattie
Mae and Lillian Leavell, of Bryants-
ville, are guests of Miss Tevis Carpen-

of Somewhere," very sweetly at the
Christian church Sunday morning.
She has a charming voice and remark-
able control of it.

The legions of friends of Col. B F
Robinson will regret to learn of his
illness this winter. While he has not
been seriously ill, yet he is confined to
his room. There is not a more popu-
lar man in Central Kentucky, and
everybody wishes "Uncle Ben" many
more years of health and usefulness.

Lexington Herald:—Miss Lettie
Brown entertained a few friends, Fri-
day, with a beautiful little card party
in honor of her guest, Miss Elkin, of
Lancaster. The attractive new home
on Maxwell street was decorated pret-
tily with plants and yellow and white
chrysanthemums, and after the game
a delicious course of substantial was
served. The prize was a lovely plant
and was won by Mrs William Rogers.
The party was one of the prettiest
of the small affairs given last week.

say, three bottles effected a complete
cure." Quick, sure cure for nervous com-

GOOD FOR OLD AND YOUNG

August Flower keeps the children healthy and strong—Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee. And shout to the druggist: "Please give it to me!"
Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddled complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.
It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.
Two sizes, 25c and 75c. All druggists.

In Time of Peace.

In the first month of the Russian-Sapan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take. A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For Sale by R. E. McRoberts The Reliable Druggist at Lancaster.

No man ever knows just how faithful he is until he gets under fire.

You do not set yourself sold for heaven by getting askew with earth.

Every man is debtor to men to at least the extent of his advantages.

Sells More of Chamberlain's Cough Remedy than All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by R. E. McRoberts The Reliable Druggist at Lancaster. 1m

It is always well to believe a few things deeply, provided they are deep things.

The highest delights are often found by turning the back on pleasure and facing cold duty.

Group.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the coughy cough appears. For sale by R. E. McRoberts The Reliable Druggist at Lancaster. 1m

Farm For Sale.

I have a No 1 good farm containing between 44 and 48 acres situated 2 miles from Lancaster Ky., on the Buckeye pike, which I want to sell at once. Said farm is in good state of cultivation, good corn, hemp and to bacco land, good orchard of 5 or 6 acres, one 6 room dwelling house and stable, growing crops testify as to quality of land. Price \$2,000.00. If sold at once. Apply to W. H. Ward, Lancaster Ky. 1f

FARM ITEMS.

Mutton eaters are increasing faster than mutton.
Dairying on the farm does not pay when left to run itself.
How is the Thanksgiving turkey? Is he all right for that day?
The corn crop is good this year and this crop alone is enough to make us thankful.
Pure bred stock on the farm that is handled with care and intelligent management will solve many of the farmer's social problems.
It is better to be a good farmer and be kept busy than to be a fair lawyer wearing out clothes and furniture waiting for clients.
Feeding whole corn is practically a waste of feed. You should have it crushed, cob and all, and then mix with bran or oat meal, and you have a balance ration for cattle, horses or hogs.
The appearance of any farm will tell you how much the owner thinks about his farming. The small farmer must have stock. Dairy stock should be his preference with swine and poultry, for he cannot win out selling grain.
A good clover crop helps the orchard through the winter. Sow it so there will be a heavy growth on the ground before snow comes. Plow it under in the spring. This protects the roots in winter and makes manure in spring.

FOLEY'S HONEY AND TAR

The Strenuous Life

Results in Stomach Troubles and Physical Breakdown.

The strenuous life of modern times forces people to rush through their meals hastily, hurrying from the table in the mad rush after the almighty dollar.

The result is incomplete digestion, inflammation of the walls of the stomach, and lack of secretion of the gastric juices, ending in chronic stomach trouble and nervous breakdown.

How much better it would be to eat more slowly, cure the stomach trouble with Mi-o-na, and soon regain perfect health. The headaches, sleeplessness, nervous troubles, pain after eating, specks before the eyes, backaches, melancholy and gloomy foreboding would be soon overcome and perfect health and strength would be restored.

Proper treatment of the weakened digestive system with Mi-o-na will cure every case of stomach trouble. The results of this treatment are so astonishing and so pronounced, that those who have tried it never fail to appreciate its value as a healing agent.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that we give a signed guarantee that the remedy will cost nothing unless it cures. Each box of Mi-o-na sells for 50 cents, and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

DON'T DOSE THE STOMACH

Cure Catarrh by Breathing Hymel.

—Sold Under Guarantee.

There is one treatment for nasal catarrh which is based upon common sense, and at the same time, is thoroughly scientific.

Hymel is not a cure-all: it is a specific for the cure of catarrhal troubles. Breathed through the neat pocket inhaler that comes with every outfit, the aromatic healing of Hymel penetrates to the most remote part of the nose, throat, and lungs, healing all inflammation and killing the catarrhal germ wherever present.

So successful has Hymel been in the cure of catarrh, that we sell it under a guarantee that it will cost nothing unless it gives satisfaction.

The complete Hymel outfit sells for \$1, and consists of an inhaler that can be carried in the vest-pocket, a medicine dropper, and a bottle of Hymel. The inhaler lasts a lifetime, and if more Hymel is needed, extra bottles can be obtained for 50 cents.

It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that treats this disease without stomach dosing, applying the medication and healing where the disease germs are present.

Do not dose the stomach to cure nasal catarrh; breathe Hymel knowing that if this treatment does not cure, it will cost you nothing.
